

## Session 5 – Interactive session II: Evidence Gathering

In this interactive session participants will work in smaller groups with the aim of identifying necessary evidence, sources of data and data collection methods for Option 1 and Option 2 in the case study presented for sessions 3 and 5 based on the draft MARA RIA.

### Tasks:

1. Read the exercise below individually and prepare for the group assignment. (5 mins)
2. Work on the exercise below in your group. (20 mins)
3. Present your results to the wider group and participate in discussions. (5 mins)

### Exercise:

Based on the case study material and previous interactive session, participants are asked to discuss and prepare material based on the following questions and issues:

1. Describe the types of evidence and data that are needed for each impact
2. Describe the possible sources of this data and information
3. Describe data collection methods

Impacts	Necessary evidence	Source of data	Data collection method
<b>Option 1</b>			
<b>Economic</b>			
<b>Social</b>			
<b>Environmental</b>			
<b>Option 2</b>			
<b>Economic</b>			
<b>Social</b>			
<b>Environmental</b>
